## THE EARLY CRICKETING DAYS:

Yuvaraj's tryst with cricket began during his school days, thanks to his childhood friends Gopi and Dhanasekar, who introduced him to the sport. Since then, his passion for the game has grown exponentially. Yuvaraj's dedication to cricket has led him to sacrifice countless opportunities, including a memorable incident where he undertook multiple journeys within a span of 24 hours to participate in a cricket tournament. His commitment paid off as he emerged as the Best Batsman in the tournament, an accomplishment that still holds a special place in his heart.

## CRICKET AS A LIFE LESSON:

For Yuvaraj, cricket is not merely a sport but a profound teacher that has imparted valuable lessons in his personal and professional life. The sport has taught him the importance of resilience, accepting failures, and maintaining a positive attitude.

## CRICKET INFLUENCES AND ASPIRATIONS:

Sachin Tendulkar, widely regarded as one of the greatest cricketers of all time, serves as Yuvaraj's cricketing idol.

## THE ULTIMATE PARTNERSHIP:

While Yuvaraj has formed several memorable partnerships on the cricket field, there is one that surpasses them all—his partnership with his wife. Their bond represents the epitome of teamwork and support in his life. Additionally, Yuvaraj fondly recalls a recent partnership with Prajwal, where they scored a remarkable 183 runs in just 47 balls. Prajwal contributed 97 runs, while Yuvaraj achieved a staggering 109 runs, culminating in a team score of 248 runs in a 12-over match—a match that will forever be etched in his memory.
